Dear Mr Jones

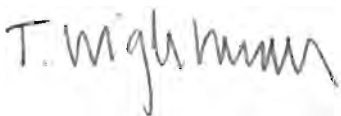

Thank you for your emails of 26 March and 29 March 2012.

I am sorry that you found the information I provided in my previous letter ambiguous. However, I must inform you that the decision in your complaint is unchanged and the matter remains closed.

In regards to what evidence has the Assistant Registrar seen I would like to stress that the Assistant Registrar has considered all of the information that you have provided, including the visual MRI evidence, and has not identified any issues that would raise concerns about a doctors fitness to practice medicine.

Please be advised that we are not able to medically evaluate your scans. We would suggest you discuss this matter with your GP as we are not able to assist you further in regards to this matter.

Yours sincerely

Mr Thomas Wightman
Investigation Officer
Fitness to Practise Directorate
